### *Heavy Duty, Organic Cutting Fluid Hand, Mist, Flood Applied*

**EEZ Products Micro Max** is an engineered blend of vegetable oils designed to provide lubricity far in excess of the typical canola oil formulations available today.

**EEZ Products Micro Max** is available as an 8 oz wax stick or a low viscosity oil. The stick form makes it easy to apply a high grade lubricant in even the toughest location. The liquid can be applied through micro misting units, drop-wise, squirt units or flood applied recirculating systems

**EEZ Products Micro Max** is more than vegetable oil in a bottle. Designed and blended to provide lubrication at the molecular level, Micro Max will improve part finish and extend tool life.
