Lubricants For High Speed Bearings

EEZ Products Spindle Oils are a series of light bodied, light colored oils manufactured specifically for the lubrication of high speed machine tool spindle bearings. These oils will rapidly absorb and dissipate the heat associated with the high rpms of such bearings.

EEZ Products Spindle Oils exhibit the excellent wear, oxidation and corrosion resistance common to **EEZ Products** industrial lubricants.

EEZ Products Spindle Oils may be crossed to the Mobil Velocite series as follows:

Velocite 2	=	ISO 5 Spindle Oil
Velocite 6	=	ISO 10 Spindle Oil
Velocite 8	=	ISO 15 Spindle Oil
Velocite 10	=	ISO 22 Spindle Oil
