SOLUBLE OILS

*Oil Based, Water Emulsifiable
Most Metalworking Jobs
Mild Ph, High Detergency
Outstanding Rust Protection
All Metals Except Magnesium*

*Better Part Finish
Longer Tool Life
Bacteria Resistant
Low Foam
Low Odor*

White Kut 205 Less Critical Operations

White Kut 210 Most Routine Machining & Grinding

White Kut 250 Heavy Duty Chlorinated Soluble Oil.
Best For Machining The Toughest Alloys

SYNTHETIC COOLANTS

*Water Based
No Oil, Sulfur, Chlorine
No Nitrites, DEA
All Metals Except Magnesium*

*Bright Green Color
Mild Ph
Rejects Tramp Oil*

Clean Wheel 410 General Purpose Grinding Coolant

Clean Wheel 415 Blanchard & Carbide Grinding. Very Low Foam.
No Cobalt Leaching.

Cost Cut 505 Less Critical Machining & Grinding

Cost Cut 520 Heavy Duty Coolant For Most Grinding & Machining

Cost Cut 650 Super Heavy Duty Coolant For Machining & Stamping

Saw Cut 800 Coolant For Sawing & Cut-Off Operations.
Apply By Flood Or Mist
